Shot	Panel	Duration
3	1/1	02:00

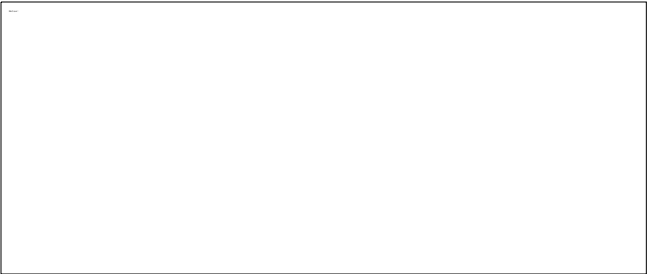

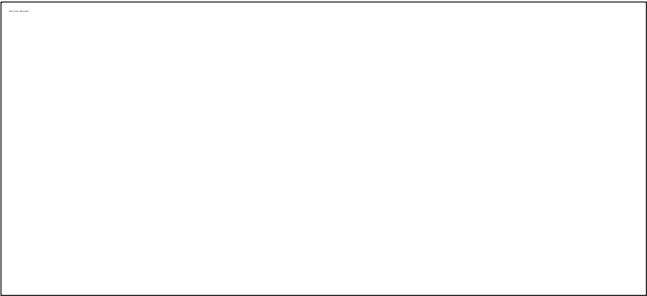

- This is unbelievable

Shot	Panel	Duration
4	1/2	02:00

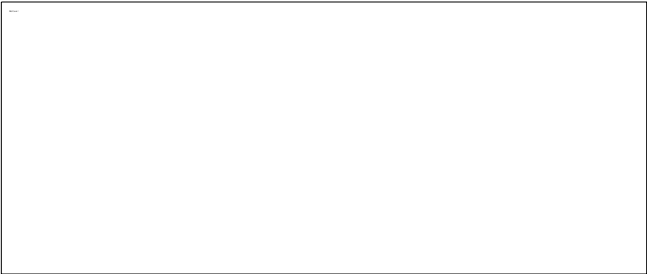

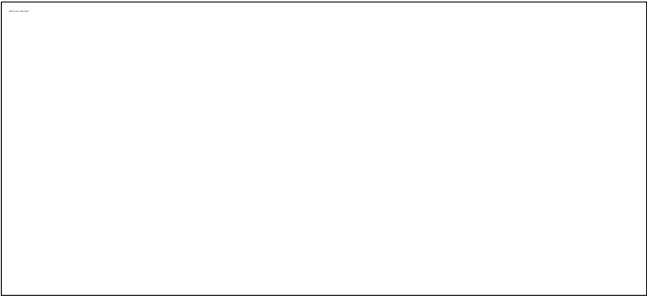

- I don't know what half of this stuff is.

Shot	Panel	Duration
4	2/2	02:00

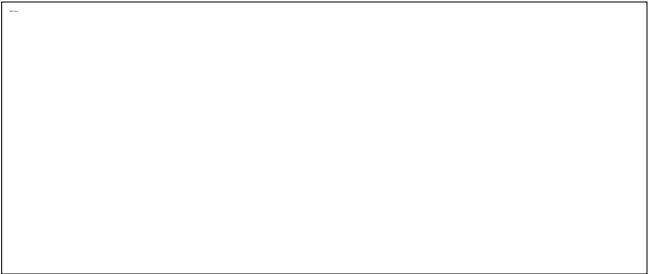

- Must have been some rogue elements... Junk genes

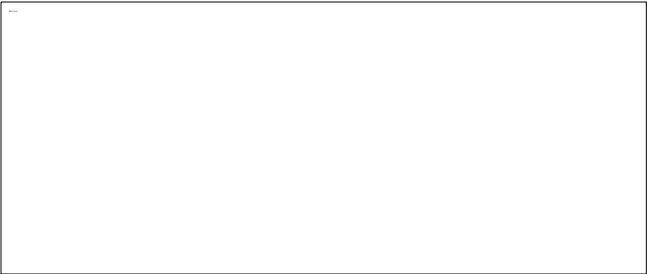

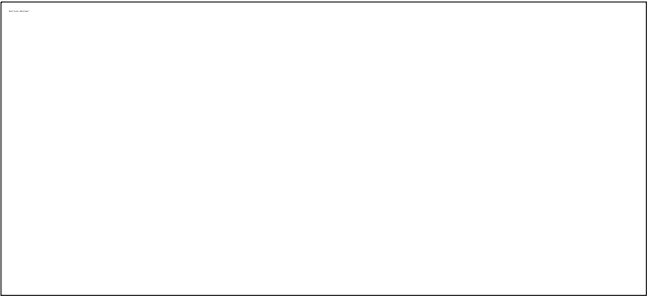

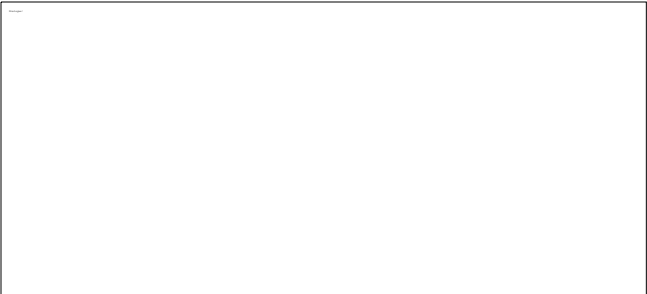

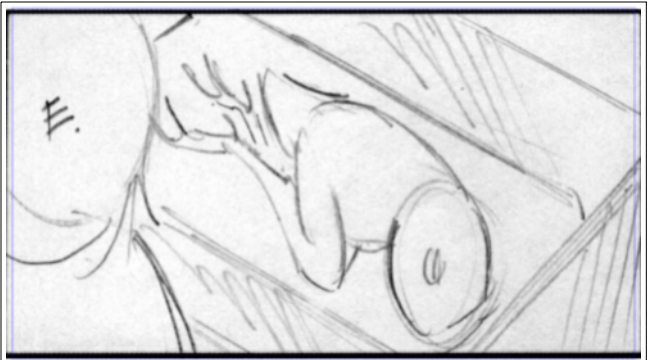

Shot	Panel	Duration

Shot	Panel	Duration
7	1/1	02:00

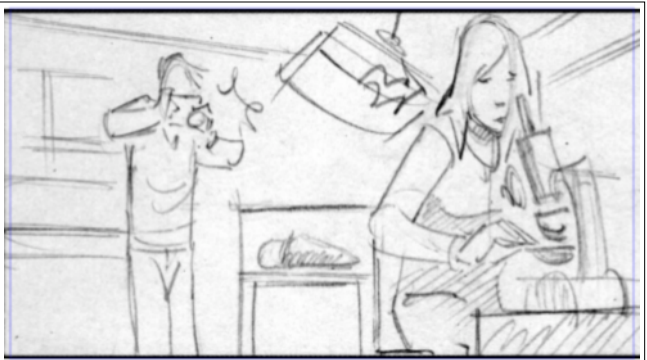

Shot	Panel	Duration
8	1/1	02:00

- Some kind of self-defence mechanism

Shot	Panel	Duration
9	1/4	02:00

- or attack venom

Shot	Panel	Duration
9	2/4	02:00

- None of her animal components have predatory characteristics

Shot	Panel	Duration
9	3/4	02:00

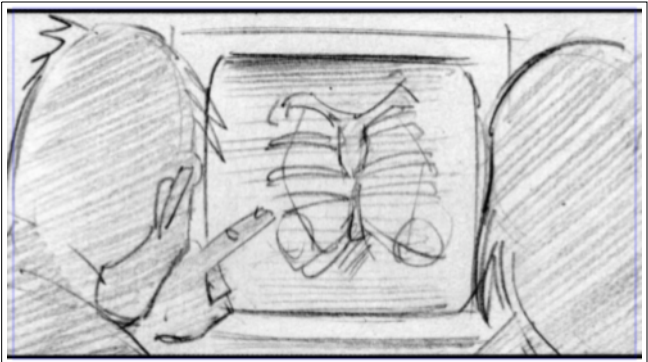

- Well there's the human element

Shot	Panel	Duration
9	4/4	02:00

- What are those bright Splotches?

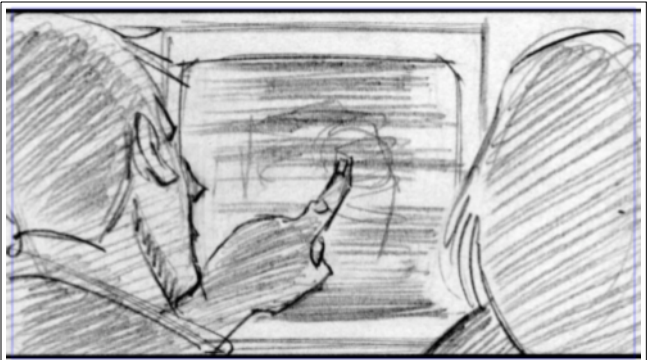

Shot	Panel	Duration
10	1/4	02:00

- Lungs?

Shot	Panel	Duration
10	2/4	02:00

- No these are the lungs.

Shot	Panel	Duration
10	3/4	02:00

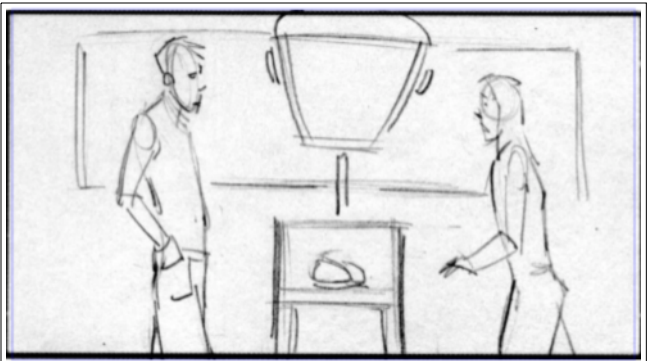

- Tumors?

Shot	Panel	Duration
10	4/4	02:00

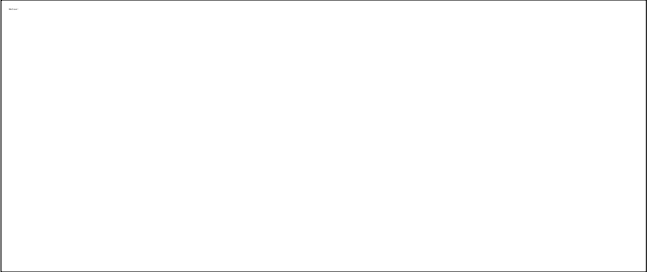

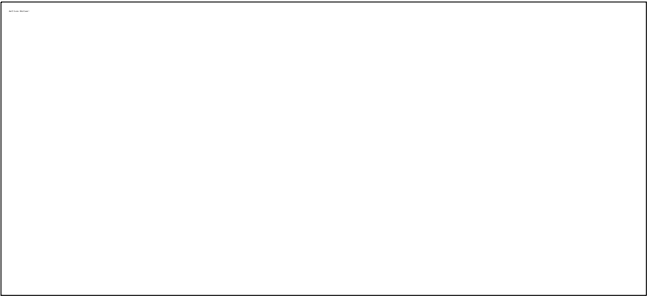

- Guess we'll find out in the autopsy

Shot	Panel	Duration
14	1/3	02:00

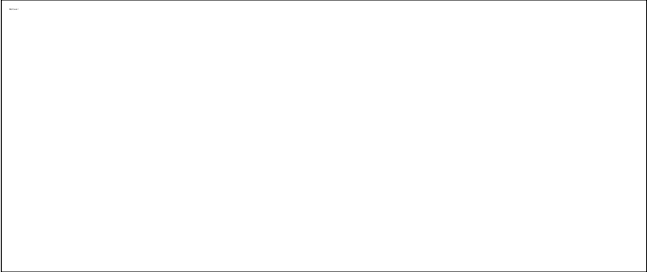

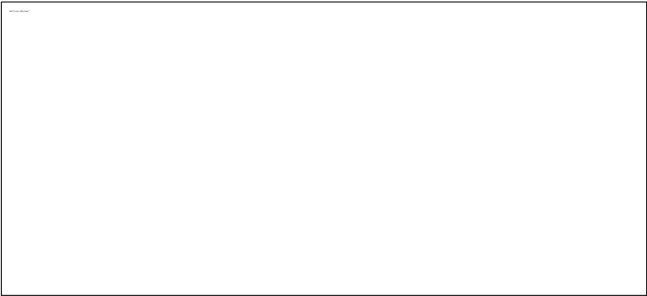

- Autopsy?  
- Elsa this was never supposed to go this far.

Shot	Panel	Duration
14	2/3	02:00

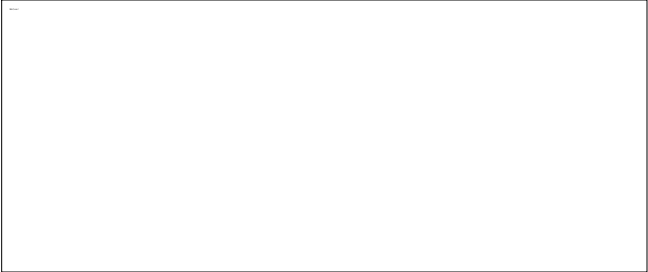

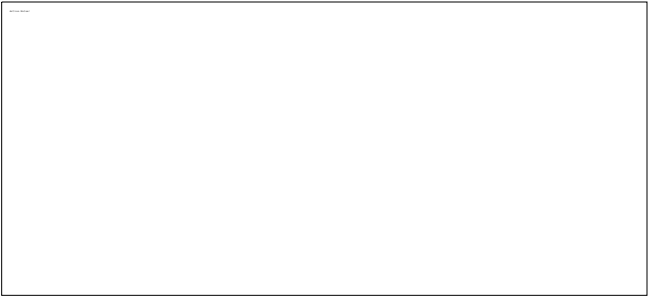

- It wasn't even supposed to go full term.  
- But it did.

Shot	Panel	Duration
14	3/3	02:00

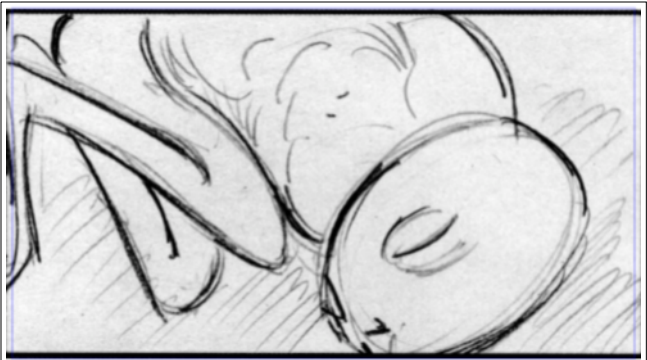

- We were just going to prove we could do it.  
- So what are you saying?

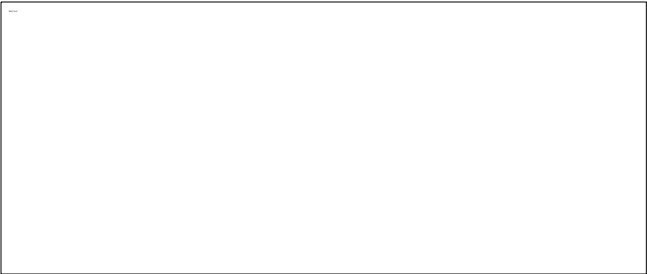

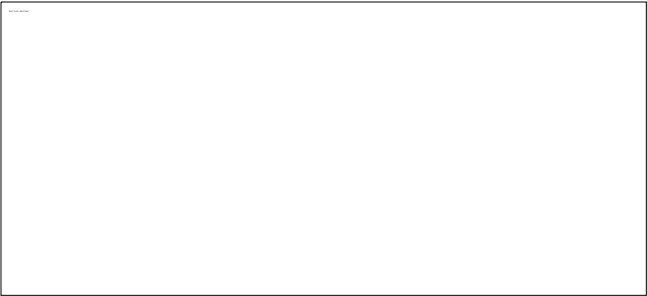

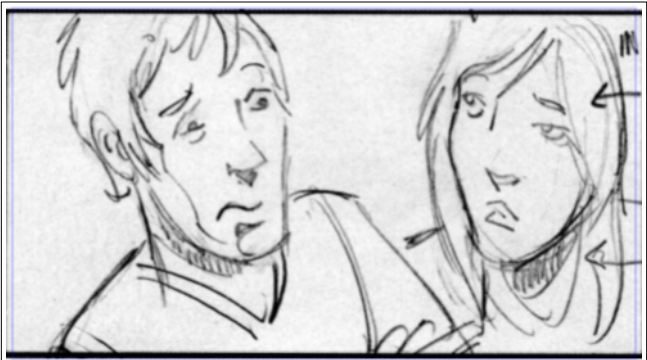

Shot	Panel	Duration
17	1/1	02:00

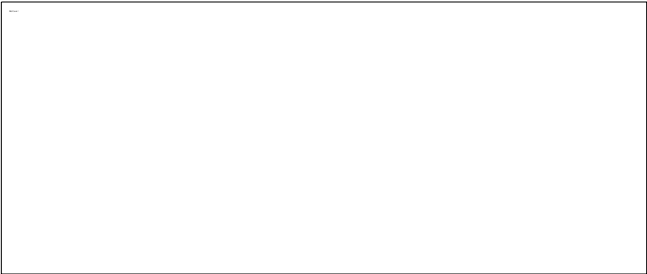

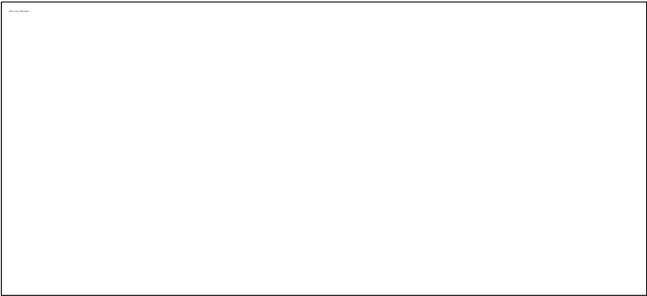

- Are you really going to kill it?

Shot	Panel	Duration
18	1/2	02:00

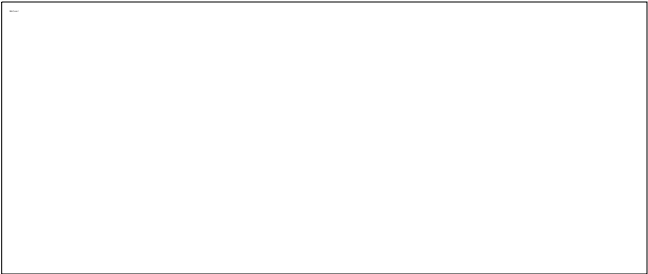

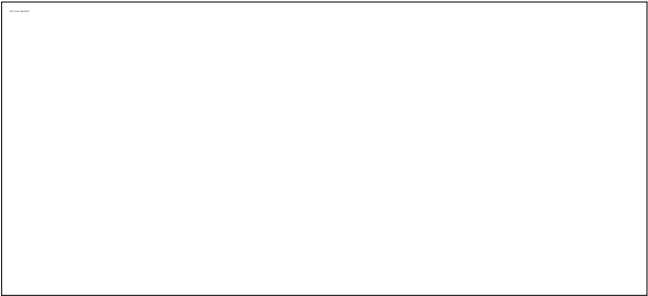

- Look at this...

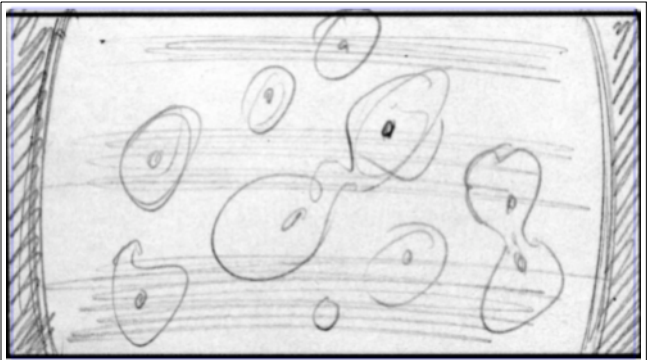

Shot	Panel	Duration
18	2/2	02:00

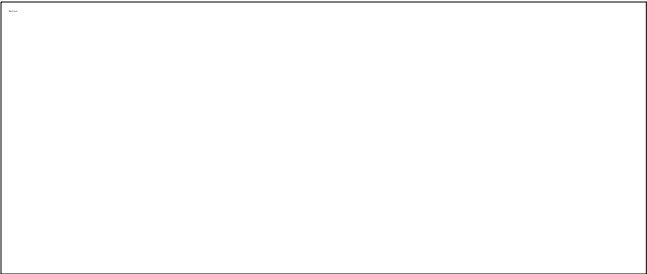

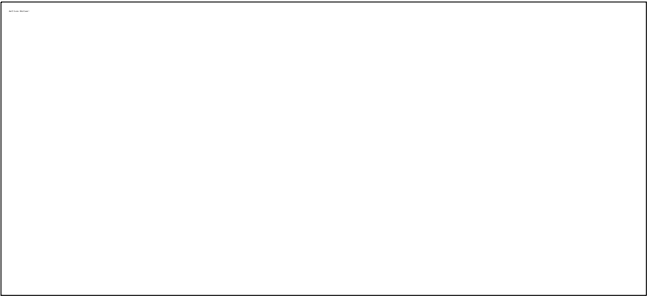

- It must have developed the abysotma growth gene

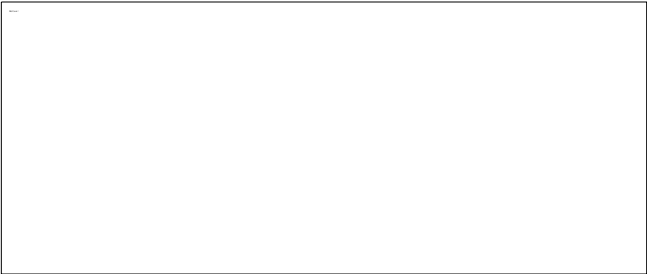

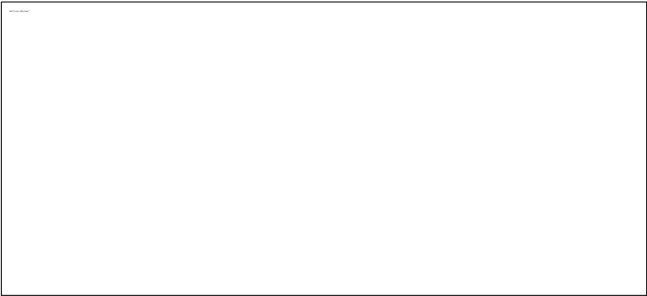

Shot	Panel	Duration
20	1/1	02:00

- It's aging fast.

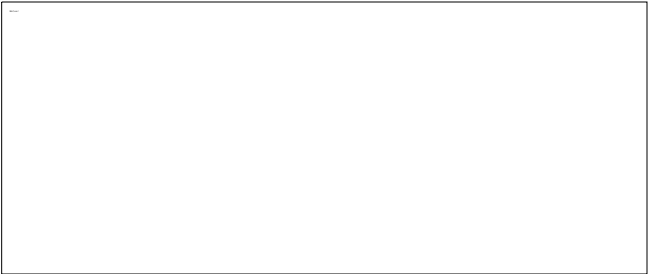

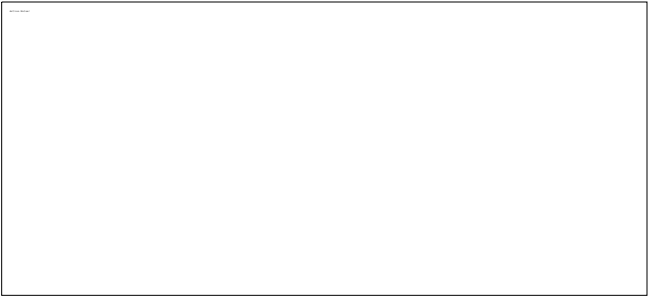

Shot	Panel	Duration
21	1/1	02:00

Shot	Panel	Duration
22	1/2	02:00

- So. It's dying.  
- She's dying. All by herself.
